GEN & REV SECRETARIAT 8231 26 JUNE 1944 L S G BRANCH

Sir,

I have the honour to state that the strength of the conservancy staff of Sringeri Municipality consists of two male sweeper eight female sweepers and one conservancy peon The scale of pay of the establishment was last revised during the year 1931, as per Government Order No. L. 7615-16/M1 38-30-7 dated 16th March 1931. Considering the population of the town, the number of sweepers employed by the Municipality is comparatively large The financial condition of the Municipality is also not satisfactory For want of sufficient funds, the post of one female sweeper has been kept vacant, for the last one and a half years.

The Municipal Council have resolved at their meeting held on 6th April 1944, that the number of male sweepers may be increased by one and the number of female sweepers may be decreased by two, thus reducing the total number from 10 to 9 and that the pay of the male sweepers and female sweepers may be fixed at Rs 10/ and Rs 8 each per mensem, respectively Necessary provision has been made in the sanctioned budget of the Municipality for the year 44-45

In the circumstances, I request that sanction of Government may be kindly obtained for the proposal of the Municipal Council.

The proposition statement and the other records accompany.

I have the honour to be
